- Customer Service for ordering, application, and installation questions – 1-800-535-9545.
- 3 year warranty on Easy Cover motor
- One-year warranty on all parts.

### Electric Model

The ultimate in convenience, featuring the PowerPlus motor.  
 Model 500/550/575

### Manual Ground Level

Gives you the convenience of one-handed cranking from the ground.  
 Model 400/450/475

Count on Aero to give you the options you need to fit the way you work. You can choose aluminum or steel arms...two different front ends...and a huge variety of tarps...all carefully engineered and manufactured to Aero's industry-leading high standards.

# Easy Cover Features & Benefits

## PowerPlus Motor

The industry's strongest, quietest, best-backed motor with a 3 year warranty. Aero's PowerPlus was designed specifically for your Easy Cover application up to 28'.

## RA/SW Motor

For use with Easy Cover models greater than 28' and Economy Easy Cover models (all lengths)

## PowerPack Sidemount Spring Assembly

The industry's lowest profile, best looking spring assembly. PowerPack springs are easily installed in polished castings, providing protection from the elements and the utmost in safety. Universal design eliminates the need for left and right springs.

## Undermount/Underbody Spring Assembly

The Industry's Strongest Torsion Springs - Now Quick And Easy To Install! Aero's undermount torsion springs have always been the industry's strongest and most durable. And now they're easier than ever to install. There's no welding required. Simply bolt the spring in place, and it's installed in minutes. The new underbody installation option lets you mount the spring even higher, with only the spring shaft protruding past the bottom rail.

## Adjustable Wind Deflector

No cutting or drilling required to assemble

**Choice of front ends.** Choose from our one-piece adjustable wind deflector or our new aerodynamic preassembled tarp housing for even faster installation. Both reduce drag and extend tarp life.

## Pre-assembled Tarp Housing

Ideal for trailers with radius or diagonal front corners. No welding...complete bolt-together design.

## The Industry's Strongest Aluminum Arms!

Polished Aluminum Arms

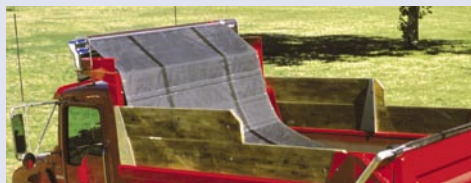

Steel Arms

## Aluminum Or Steel Arms

The heavy-duty toughness of steel...or the lightweight performance of aluminum. With Easy Cover, the choice is yours. All are easy to install and adjustable to fit nearly any size dump.

## \*Also Available:

**Wide variety of tarp options.** Choose the tarp that works best for asphalt, aggregate, debris, or whatever you're hauling. Two standard widths - 85" and 9' wide that is perfect for heaped loads.

## WEIGH-DOWN TARP

- No mechanical components which can become easily damaged.
- No additional arms or spring mechanisms to interfere with normal operations.
- Relies on the constant force of gravity.
- It's unique design allows all of the Weigh-Down features to be safely stored inside the tarp wind deflector or housing when the tarp is open.

**Call Aero For All The Answers.** We make it easy to get the Easy Cover that's right for your needs. Just contact your Aero dealer or an expert Aero customer service technician at 1-800-535-9545. They're trained to handle all your ordering, installation, and application questions. Call today!
